## HGV Technician/Mechanic/Fitter

**Location: Steventon, Oxfordshire**

The job requires an experienced HGV Technician/Mechanic/Fitter to work with and maintain our mixed fleet of Renault, DAF and MAN trucks, both wagon & drag and artic. All of our fleet have truck-mounted cranes.

The successful applicant would have:

- A proven track record and detailed knowledge and understanding of heavy commercial vehicles
- Be fully qualified in HGV mechanics to City & Guilds/NVQ Level 3 or industry equivalent.
- A proven track record of fabrication and welding
- An HGV C&E driving licence

Working in our purpose built workshop you will be required to undertake all aspects of vehicle maintenance.

- Regular preventative maintenance inspections (PMI's)
- Correction of running vehicle defects
- General servicing
- Preparing vehicles for MOT
- Road testing (as and when required)
- Adhering to stringent H&S regulations

Job type: Permanent full time.  
Monday to Friday with some weekend work

Salary: £30,000 – £35,000 pa depending upon experience

Qualifications: City & Guilds/NVQ Level 3 or industry equivalent  
HGV C&E driving licence
